EVER WONDER . . .

**IS THIS THE RIGHT VIBRATOR
FOR THE JOB I NEED TO DO?**

VIBCO's FREE Trial Program takes the guess work out of choosing the right vibrator for the job. Any one of our standard units is available to you for a **FREE 10-day trial**. With the help of our Application Engineers, we will get you the vibrator **we** think will work and then **you** can try it for 10 days at **NO RISK . . .** if it doesn't do the job the way you need it to, just send it back.

Here is how the program works:

VIBCO will supply a trial unit for 10 days on any standard model. All trial agreements must be authorized by **VIBCO**. The customer is responsible for all freight charges, to and from the **VIBCO** factory. A 10% restocking charge applies to any product kept by the customer after the 10-day trial expires, unless otherwise agreed to by **VIBCO**. After 30 days, permission from **VIBCO** is needed to return a trial unit for credit. All trial units are supplied F.O.B. Wyoming, Rhode Island. The cost of repair of any damage or reconditioning to trial units (other than normal repainting) will be charged to the customer.
